## Key Concerns During COVID-19: Helping Patients at this Crucial Time

Dear valued patients:

As the Covid-19 virus continues to affect our society, I would like to assure you that I am seeing patients and the office is open while following government guidelines and taking all necessary precautions to protect our patients and staff.

I am available and can be reached directly at any time through my office number/answering service at 714-997-4300 or through HIPAA-secure email at [zeineh@orangeplasticsurgeons.com](mailto:zeineh@orangeplasticsurgeons.com).

### Patient Consultations

Our office is open and seeing patients. At this time, these appointments are limited to post-operation patients and new patients that are having an urgent issue (e.g., cancer, reconstruction for cancer, open wounds, patients with issues, significant breast implant capsular contracture, pain, rupture, etc.). Surgeries are being performed for these urgent patients following safety guidelines.

For patients interested in elective/aesthetic/cosmetic procedures, I am personally available by phone to discuss with the patient questions for procedures such as breast lifts, breast reductions, abdominoplasty, panniculectomy, facial rejuvenation, body contouring, liposuction, threadlifts, injections, etc. Photos can be reviewed via HIPAA-secure email. An appointment for consultation for these procedures can be scheduled in the next several months, once safe for everyone when COVID-19 restrictions are lifted and conditions are safe.

### Health & Safety Procedures

We are dedicated to assuring our patients' and staff's safety and health care needs, including these strict procedures:

- Patients are scheduled in a timely fashion to minimize wait time in the front office.
- Once a patient arrives, temperature is obtained, and screening questions asked before entry to patient exam rooms.
- Each patient room and patient contact areas are meticulously sanitized throughout the day after each patient.
- Masks are worn by Dr. Zeineh and staff in patient care areas. CDC guidelines are followed for washing hands and cleanliness (see [www.cdc.gov/coronavirus](http://www.cdc.gov/coronavirus) for detailed information).

### Here to Serve

Please let me know of any questions or concerns that you may have. I am available to help you and to ensure your safety during these unprecedented times.

Sincerely,

Linda L. Zeineh, MD, FACS

## About Linda L. Zeineh, M.D.

Dr. Zeineh is an active member of the American Society of Plastic Surgeons and the American Society for Aesthetic Plastic Surgery. She combines over 14 years of experience with cosmetic and reconstructive surgery in private practice with new technology and techniques in the care of her patients. Her first priority is the satisfaction and well-being of her patients, providing compassionate and personalized care.

A complete range of non-surgical and minimally invasive rejuvenation procedures are personally performed by Dr. Zeineh on her patients to achieve and maintain a youthful, refreshed, and natural appearance, including facial injections, skin tightening and facial/body contouring. Surgical procedures that Dr. Zeineh performs include: facial rejuvenation, body contouring, reconstructive and cosmetic breast surgery, and reconstructive surgery.

Dr. Zeineh respects your time and your privacy. If you no longer want to receive e-mails such as this one, please [click here](#). Note: Please do not respond to this E-Mail. The reply to E-Mail address is not a monitored account.
