Now Available -- Thread Lifts for Your Body and Face

Summer is here. Enjoy it with a revitalized look.

Are you ready for *non-surgical* options to rejuvenate your face and body?

FACIAL REJUVENATION MADE EASY

For those who want to avoid surgery for their face, a popular option is **Infinity Plus molded threads**, made by NovaThreads.

- **Key benefits:** Smooth skin texture, immediate results, and a non-surgical procedure.
- **How do they work?** The threads are made of absorbable material. They are placed underneath the skin to reposition overlying tissue to a more favorable location, while maintaining a natural appearance. As the threads absorb over time, new collagen is formed which will tighten your skin.
- **Where can they be used?** While threads can be placed almost anywhere, particular areas of concern for aging patients include the lower face, jaw and neck. Other applications include: lifting the brows and cheek; and to soften fine lines, stimulate collagen, and tighten skin on forehead, around the eyes, and lips.
- **More info:** Results last approximately 8-12 months. No incisions are required. The procedure is performed in our office. No anesthesia is required.

NOW AVAILABLE -- BODY THREADS

Body thread lifts brings the same thread lift technology as non-surgical facelifts to enhance the body. As such, body threads offer similar results, timing and procedural steps.

- **Key benefits:** A body thread lift is an excellent option for those seeking a tightened or lifted look that is often acquired through surgery, yet without a surgical procedure. This technique can be combined with other

cosmetic enhancement alternatives to give your body and skin a rejuvenating boost.

- **Where can they be used?** Typical problem areas that are great applications for body threads include elbows, knees, upper chest, abdomen, and neck.
- **Is there any downtime?** There is generally a quick recovery time and usually you can expect to return to your routine as usual, with less swelling and bruising versus a surgical procedure.

MAKE AN APPOINTMENT TO LEARN MORE

We invite you to schedule a consultation to discuss the best options for your personal goals. Dr. Zeineh seeks to provide advanced cosmetic and reconstructive techniques combined with compassionate, personalized care for each patient.

Dr. Zeineh personally performs these procedures on her patients to achieve and maintain a youthful, refreshed, and natural appearance.

Ready to proceed? I am safely seeing patients in the office, following CDC guidelines. I am also available for telehealth phone consultations ([657-722-1400](tel:657-722-1400)) and photos and communication via HIPAA secure email at DrZ@DrZeinehPlasticSurgery.com.

Please let me know of any questions or concerns that you may have.

Thank you so much.

Sincerely,

Linda L. Zeineh, MD, FACS
